OUR SERVICE

TO ALL PEOPLE

Regardless of their cultural or religious background, all comers to our clinics are served in an equal fashion.

◀ A TYPICAL RESPONSE

In Cameroon, more than 2,000 people waited for the clinic to open; served more than 3,400 in a two-week period

TAKING TIME TO WORK ONE-ON-ONE WITH PATIENTS ▶

IN THE RIGHT PLACE AT THE RIGHT TIME

◀ *Benin baby with severe asthma attack in a village with no medications to help her. After working with her for more than four hours, our doctor brought her breathing and coughing under control.*

This village hospital in India was experiencing a shortage of medical care workers and medications. HTI helped meet their needs and tended to patients. ▶
